

Wilding Waterhall

Bring your students to the perfect outdoor classroom - a ground-breaking rewilding project on the doorstep of our city.

*If your school does not have a minibus
we can fund & book a coach for you.*

“The best school trip ever!”

(Pupil, Westdene Primary School, June 2023)

“Many of the children have mentioned hunting for insects and bugs as a highlight of their year in their school reports”

(Class teacher, Moulsecoomb Primary School, May 2024)

“A MASSIVE thank you for such a fantastic trip. The children haven’t stopped talking about it! It really was great to be out with nature and learn SO much about it.

(Class teacher, Bevendean Primary School, Oct 2024)

Once a golf course, now managed for wildlife with the help of Sussex cattle and New Forest ponies..

Addressing the biodiversity emergency, reducing carbon emissions and safeguarding our clean water supplies.

Home to pristine chalk downland, a “rainforest in miniature”.

222 acres to explore with an indoor education space.

School visits can include:

Guided safaris, pond-dipping, bug-hunting, wild-flower and bird identification, exploring habitats & micro-habitats, orienteering, monitoring biodiversity with quadrats and transects.

We don't charge any fees to host visits.

Our rangers can support all aspects of your visit and are very happy to visit your school to talk about wildlife & habitats, rewilding & the rare chalk downland ecology which surrounds our city.

Contact Education Ranger, mike.Luscombe@brighton-hove.gov.uk, 07713 310036 for more details.
